Courses

Master in Mosaic: one and two week courses

Mosaic Workshop: 3 day course

Thematic classes: Micro-mosaic and Portraiture

Taught by Maestra Antonella Gallenda, the two Orsoni thematic classes allow for a deeper concentration in the techniques of Micro-mosaic and Portraiture. Both classes are limited to 5 students.

In the **Micro-mosaic** class students will make their own filati and work on a 10 x 10 cm projects of their own design. They will learn how to mix colors and control the shape and the diameter of the filati. No prior mosaic experience is necessary.

The **Portraiture** class allows for a two week immersion into the art of interpreting the human face in mosaic. Students will have access to the 120 flesh tones of Orsoni smalti along with the 2,000+ colors contained in the Orsoni library. Portraits need to be submitted prior to the class for approval and we recommend that students have anatomical drawing experience.
